Welcome to Historic Downtown Chambersburg

Welcome Back Memorial Fountain It is good to have you back where you belong!

Memorial Fountain is a visual icon of Franklin County and downtown Chambersburg. Originally engineered as a tribute to the more than 5000 Franklin County men, serving in the Civil War, Memorial Fountain was dedicated on July 17, 1878. It took more than ten years to bring an idea of a memorial to reality. County women's groups conceived a plan on Memorial Day 1868 and began fundraising by June 1868. Veterans joined the effort and together they organized Ladies and Soldiers Monument Association. As part of America's centennial celebration, a small fountain was placed in the center of town. The small fountain was so well-received that it helped the monument association realize the memorial should be a fountain. J.W. Fiske of New York designed Franklin County's Memorial Fountain at a cost of \$1700.

Memorial Fountain Facts

- 15,000 people attended the 1878 dedication. The town was decorated, the parade was grand and the ceremony lasted for hours. Franklin County residents fell in love with the fountain.
- The cast iron fountain is 26 feet tall and 30 feet wide, with five basins. Eight cast iron posts in the shape of cannon barrels were made at T.B. Wood and Company foundry, weighing 600 pounds each.
- On March 13, 1968, the fountain received extensive damage when the upper four basins collapsed due to heavy snow and strong winds.
- In 1977, a restoration was made for the preservation of the fountain, which cost nearly \$50,000.
- In 1978, the fountain was listed in the National Register of Historic Places.
- In late 1993, the fountain was disassembled again for restoration.
- Franklin County residents are as proud of Memorial Fountain today as when it was dedicated in 1878 and glad to have it returned after it was most recently struck by a vehicle on December 2, 2021.

A Rich History

To best get acquainted with downtown Chambersburg, first stop by the Franklin County Visitors Bureau's 11/30 Visitors Center or the Greater Chambersburg Chamber of Commerce's Heritage Center. Both of these centers can be found on Memorial Square.

The Heritage Center, a renovated bank building from 1915, features interpretive displays about Chambersburg's historical merit. Walking tours can be scheduled through the Heritage Center. Also in a renovated bank, the 11/30 Visitors Center has ongoing exhibits like "11/30 America's Main Streets" and special monthly events such as barn quilt tours.

William Shakespeare wrote that “all the world’s a stage.” Chambersburg provides that stage for music, dance, interpretive history, fine arts, and theatre in central Pennsylvania.

Visitors to Chambersburg can step back in time with Civil War tours, where living historians share information about the community’s role in the Gettysburg Campaign. The Capitol Theatre hosts a variety of events ranging from ballet classes to nationally renowned artists and regional favorites from the Cumberland Valley School of Music. The visual arts are well represented by The Council for the Arts, and The Foundry.

Professional Services

Chambersburg provides a one-stop shop for professional services, including banks, law offices, real estate appraisers, notaries, engineers & architects, and financial services.

The downtown area is also home to local radio station Newstalk 103.7, counseling services, and providers of technological services.

Chambersburg serves as the seat of Franklin County government, which has undertaken a massive facility improvements project in recent years. A new judicial center with more than 100,000 square feet has been built to house courtrooms, judges' chambers, and offices for the sheriff, clerk of courts, and prothonotary.

Renovations made to the court facilities include interconnectivity with a historic courthouse from 1865. The county commissioners' offices and voter registration can also be found downtown.
